Celebrating over 25 years of
cross border legal advice.

European Law Firm

What is European Law Firm?

European Law Firm is a network of independent dynamic law firms who know each other personally and collaborate to offer clear, cross-border legal advice. Our members advise corporate clients, government agencies and private individuals across Europe and beyond.

European Law Firm was established in 1989 to meet the increasing demand for cross-border legal advice. It was the first legal network to register in Brussels as an European Economic Interest Grouping (EEIG). Today, the network comprises over 800 lawyers across Europe.

Our strengths

Over the years, European Law Firm members have worked regularly with each other to build long standing relationships - the principal strength of the network. Clients of member firms can be confident that their international matters are dealt with promptly by trusted contacts with the necessary expertise.

Our policy is to have one dedicated member firm for each country, creating a more manageable body and fostering closer relationships between lawyers. Members are medium sized, ambitious firms selected for their range of expertise and proven track record in cross-border advice. All members have English speaking lawyers and many are multilingual.

Through its members, European Law Firm offers

- partner-led, personal service;
- swift access to high quality, cost effective legal services across Europe;
- expertise and experience in a wide range of legal disciplines to both the corporate client and private individual;
- over 800 locally qualified lawyers with international connections and expertise;
- legal advice in over 40 languages.

Clients of member firms enjoy all the advantages of a global firm with the added value of a more personal service.

Who we work with

The European Law Firm network advises multinationals, financial institutions, plc's, private companies and individuals, government agencies, partnerships and charities on a wide range of expertise.

How we are structured

European Law Firm is a not-for-profit organisation managed by an Executive Board and a President, elected by the members. The Board is assisted by a Central Office, currently located in the United Kingdom. Representatives of member firms meet three times a year to discuss business, exchange ideas and develop both professional and personal relationships.

IT&IP, Debt Recovery & Insolvency Practice Groups have also been established to exchange information and improve member knowledge in these specialist practice areas.

In addition, a lawyer exchange programme has been set up to promote greater insight into different legal systems and develop language skills for the greater benefit of clients.

Contact us

All member firms may be contacted directly. Please refer to the Directory or visit www.european-law-firm.com for contact names and details. Alternatively, contact Sarah-Louise Green at the European Law Firm Central Office.

What our members and some of their clients have to say about European Law Firm...

A network such as European Law Firm is necessary in a globalized economy to achieve the best result for our clients.

AM T Rechtsanwälte.

Together, **TLT** and **Kco advocater** worked alongside the Company, essentially as though they were one firm and in an excellent spirit throughout. The level of service and support they gave the Company was of the highest standard.

On behalf of Avon Rubber plc, TLT and Kco advocater cooperated closely in the conduct of long running tri-partite commercial litigation which had actions in both England and Norway. Through the combined efforts of both firms, Avon was extracted successfully from the Norwegian proceedings, which the remaining parties pursued to further appeal stages.

Through ELF, our clients can expect the same high quality and personal service throughout Europe that they are used to receiving in Spain.

Saumell & Vallejo, Spain.

A key player in shipping finance that advises well-known lenders and listed borrowers. Advises banks and hedge funds from across Europe. Busy of late with restructurings, mortgage enforcements, and forced sales on behalf of banks.

What our members and some of their clients have to say about European Law Firm...

We have been cooperating with **KLOTINI & SERGIS** for 16 years and have developed an excellent working relationship. Their work and knowledge have been a major contribution to the success of our publishing house. They have always provided an efficient, professional and solution-oriented service handling both everyday issues as well as sophisticated cases. Last but not least, I should mention the emotional satisfaction that arises from their personal approach and honesty!

Vija Kilbloka, CEO of Zvaigzne ABC Publishers Ltd.

According to interviewees, the firm "has a strong insolvency practice and is moving forward." Though the approximately 16-strong firm is not among the largest in the country, it is viewed as an established player, especially in bankruptcy and restructuring matters. It combines advice on insolvencies with work across the spectrum of commercial law.

Chambers and Partners, publishers of the world-famous guides to law firms and lawyers referring to Lindskoög Malmström Advokatbyrå KB, Sweden.

For nearly 8 years now, **Kapolyi Law Firm** has assisted us with all legal matters with respect to the Hungarian Capital Markets and M&A-deals. Their service is correct and punctual and we always receive appropriate advice. The team has a thorough and in-depth knowledge of all facets of the Hungarian Capital Market, Corporate and Real Estate issues. Rules and regulations, legislation, consumer protection, organisation of the Capital Market,... **Kapolyi Law Firm** offers the best value for money in the Hungarian market and is simply in a different league!

Eddy D'Hertoge, General Manager KBC Securities Hungarian Branch Office

Through ELF, **Greene Solicitors** and our clients can access independent legal advice at short notice in foreign jurisdictions.

Frank Keane of Sheils Keane, Chartered Accountants. Ireland

Hospitality and Retail Systems has been growing in the European market through several acquisitions and openings. We had been advised by **Pelikán Krofta Kohoutek** in the Czech Republic, **Milanova & Partners** in Bulgaria and other members of the European Law Firm network. We are very satisfied with the fast reaction, expertise and easy approach of all the professionals involved. Taking in consideration the fast expansion of HRS group of companies in these years it was a real help to be able to have our legal advisor ready wherever we start business.

Continuing HRS development into other European Markets the members of the European Law Firm will be our first choice and would recommend them without hesitation to colleagues and partners.

Lisandro Platzer, Deputy Managing Director Finance & Operations, Hospitality and Retail Systems.
